From top creators User growth chart

"We love YT shorts' massive reach but hate its revenue - that's why we use OpusClip to bring the cost down."

"It used to take days to create clips. Now it takes us minutes to create them."

Lewis Howes

"The only AI tool that I've found helpful so far is OpusClip. It can do something that I don't have time to do. I'm a super fan."

Jason Lemkin

"Opusclip has been crucial in helping me upload more short form videos. I get to throw more things at the wall to see what sticks, rather than waste time editing a short that underperforms. It's a no-brainer for anyone aiming to convert their long, wide form videos to vertical shorts."

Jacksfilms
